Quality truck bed boxes

Quality truck bed boxes

The truck bed box (picture) 2000 x 600 x 550/600, is made of 15 mm Veneer, with cover of 21 mm Veneer edge frame, that prevents moisture from penetrating into the Veneer. Prepared for padlock.

The truck bed boxes are manufactured according to individual sizes, so the full width of the vehicle can be utilized and for example make room for gear; the truck bed boxes can also be manufactured with gate or door in the gable, and they could be aligned with the compartment wall. Using wood for making truck bed boxes, is to minimize condensation inside the box, and in addition, the truck bed boxes may be mounted with the ventilation grates. The truck bed boxes are easy to install.
